BSSE - 5-2

Mobile App development

---

## *Requirements*

:

- View a scrollable list of flashcards (each card shows a question on the front).
- Swipe a card to mark it as “learned” (dismissible).
- Pull down to refresh the list (to get a new quiz set).
- Tap a card to reveal its answer (expand or navigate).

.

The app should demonstrate:

- Proper scrolling behavior,
- List updates with animation,
- Basic UI state management.

Solution :

Learned: 0 of 4

Question:  
New Question 7

Question:  
New Question 6
